'Bridge over Troubled Water'

We invite you to CCI Europe 2027 in the Netherlands from Sunday, 25
July (arrival from: 15:00h) till Saturday 31 July (end: 12:00h) 2027.

All are welcome at Nieuw Allardsoog in Bakkeveen, Friesland.

Our theme is: 'Bridge over Troubled Water'

The CCI theme is "Bridge over Troubled Water." "Troubled water"—who
doesn't encounter it? Dealing with the other, with the self, struggling with
emotions, no way out, seeing no direction.

It can also be that the harsh world around us—with its endless wars,
natural disasters, or disturbed world leaders—throws us off balance.
For this CCI, we will be focussing on the "bridge" as a symbol.
Sometimes we look for a bridge; sometimes we can be one for someone
else. Who will join the search? Together with co-counselors, we will find
our way!

All CCI co-counselors are invited to explore the theme. We look forward
to co-counselling, playing, dancing, music, etc., in a well-equipped
accommodation.

CCI

Co-counselling for a week

This is the opportunity to develop your qualities even further with enthusiastic co-counselors from many countries and a large number of valuable workshops. Each has his/her/their own special qualities and this guarantees a range of high quality workshops. There will be many participants who will be willing to share their wisdom and talents with you, and you are also invited to share yours with others.

During the week, you can be part of a small support group, like a close family and you will be part of one big family for a full week, providing depth, relaxation, creativity and opportunities for personal growth.

Program

During the 7 days of the CCI the program will be developed organically. Participants are invited to offer workshops of their own. You can enjoy a variety of informative workshops on the CCI theme Bridge over troubled Water and other themes. There will also be a range of creative workshops, opportunities for sessions, as well as recreational possibilities and tours of the area. Every day we will start with an opening circle, where we will enjoy togetherness and nice activities.

Participants

The CCI is open to everybody who has completed a 40-hour fundamental CCI Co-Counselling Course. The language will be mainly English, with many participants who are willing to translate.

The CCI is created by all participants, anyone can offer a workshop and the daily program will be decided each morning in the opening circle. Everyone will have the opportunity to join a support group- a small group- that will meet at the same time every day to provide a "home" within the bigger group.
